More Money in Hogs

Worms are the pests that cut down your stock profits. They keep your pigs from thriving, stunt the little ones, affect your brood sows and the size and vigor of their litters. Some hogs with worms will eat their heads off and not gain a pound; others will gain slowly, many die and if Cholera breaks out in your neighborhood, the worm infested hogs are first to take it and almost sure to die.

Read what E. C. Stone, Peoria, Ill., Sec. American Hampshire Swine Record Ass., Pres. Illinois Swine Breeders' Association says: "I find that Sal-Vet is the most perfect positively do all that you claim for it. There is nothing within my knowledge as good and reliable or as cheap."

Sal-Vet is a medicated stock salt. Stops all losses from worms quickly. No pay if it fails. No drenching, or dosing, just put a supply where your hogs can run to it freely and they will doctor themselves. You will make more money from hogs if you use Sal-Vet. Thousands have proven it. We carry Sal-Vet in 6 sizes of packages from 75c up. Come in and get a package to try.
